LEGEND

- National Forest Boundary
- Adjacent National Forest Boundary
- County Boundary Line
- Wilderness Area Boundary
- Interstate Highway
- U.S. Highway
- Forest Supervisors Headquarters
- District Ranger Station
- State Highway
- Forest Route
- Forest Trail
- IDFG Big Game Management Unit

- Lands not covered by this map — This Travel Map applies only to the National Forest
- National Forest land open to all motorized / mechanized vehicles, except where specified — These areas are unrestricted by this map but still subject to the general laws governing forest lands
- N/A — National Forest land closed yearlong to all motorized / mechanized vehicles — Congressionally designated wilderness and other areas managed to provide non-motorized recreation
- National Forest land with restrictions — Types of vehicles and time periods of restrictions are listed under AREA USE RESTRICTIONS
- Designated road — Route open to motorized mechanized vehicles in an area that is otherwise restricted
- Designated trail
- Designated road with restrictions — Types of vehicles and time periods of restrictions are listed under ROAD AND TRAIL RESTRICTIONS
- Designated trail with restrictions
- Boundary line between areas with different restrictions
- IDFG Big Game Management Unit boundary

ORDER

This Travel Map is an order restricting the use of motorized vehicles on the Boise National Forest. Pursuant to 36 CFR, Sec. 261.50(a) and (b), the following acts are prohibited on the areas, roads and trails as identified on this map.

Done at Boise, Idaho this 29th day of MAY

DAVE RITTERSBACHER
Forest Supervisor
Boise National Forest

Violation of these prohibitions is punishable by a fine of not more than $500 or imprisonment for not more than six months or both. (Title 16 USC, Sec. 551)

ROAD and TRAIL RESTRICTIONS

REFERENCE NUMBER	PERIOD OF RESTRICTED USE	VEHICLES OF 40 INCH OR MORE WIDTH	TWO-WHEEL MOTORIZED VEHICLES	OVER-SNOW VEHICLES	OTHER VEHICLES
1	Yearlong	Prohibited	Prohibited	Prohibited	Prohibited
2	Yearlong	Prohibited	Prohibited	Permitted Dec. 1-May 15	Prohibited
3	Yearlong	Prohibited	Permitted	Permitted Dec. 1-May 15	Prohibited
4	Yearlong	Prohibited	Permitted	Permitted Dec. 1-May 15	Permitted
5	Sept. 15-June 15	Prohibited	Prohibited	Prohibited	Prohibited
6	Sept. 1-June 15	Prohibited	Prohibited	Permitted Dec. 1-May 15	Prohibited
7	Sept. 1-June 15	Prohibited	Permitted	Permitted Dec. 1-May 15	Permitted
8	Sept. 15-July 15	Prohibited	Prohibited	Permitted Dec. 1-May 15	Prohibited
9	Dec. 1-May 1	Prohibited	Prohibited	Prohibited	Prohibited
10	Dec. 1-July 1	Prohibited	Prohibited	Permitted Dec. 1-May 15	Prohibited

AREA USE RESTRICTIONS

There may be some designated trails or roads which are open in areas otherwise closed to motorized / mechanized vehicles. They are specially noted on this map.

REFERENCE LETTER	PERIOD OF RESTRICTED USE	VEHICLES RESTRICTED
A	Yearlong	All motorized vehicles prohibited.
B	Yearlong	All motorized vehicles prohibited. Snow machines permitted on snow Dec. 1 - May 15.
C	Sept. 1 - June 15	All motorized vehicles prohibited. Snow machines permitted on snow Dec. 1 - May 15.
D	Sept. 15 - June 15	All motorized vehicles prohibited. Snow machines permitted on snow Dec. 1 - May 15.
E	Oct. 1 - June 15	All motorized vehicles prohibited. Snow machines permitted on snow Dec. 1 - May 15.
F	Dec. 1 - April 15	All motorized vehicles prohibited.
G	Yearlong	All motorized vehicles and horses prohibited. Snow machines permitted on snow Dec. 1 - May 15.
H	Nov. 16 - May 1	All motorized vehicles prohibited.
I	Sept. 1 - June 1	All mechanized vehicles prohibited.

TEMPORARY EXCEPTIONS

Where off-route travel is prohibited, direct access to temporary campsites within 300 feet of designated routes is permitted. Please select your routes carefully, trying to avoid damage to the land and streams. Do not cut live timber.

Temporary exceptions are also authorized to the Travel Map restrictions for a Federal, State, or local officer or member of an organized rescue or firefighting force in the performance of an official duty, and any vehicle use which is expressly authorized by the Forest Service under a permit, lease, or contract.

Authorization by means of an off-road vehicle permit will be for a specific area, condition of use, a definite period of time, and shall be revokable for violation of restrictions governing National Forests.

DURING THE CLOSED FIRE SEASON

The State of Idaho closed fire season is from May 10 to October 20 and applies to all lands in Idaho.

A person operating a power saw must have a fire extinguisher of at least 8 ounce minimum capacity and a size "O" or larger shovel in his immediate possession. The saw must also have an approved screen type spark arrester installed.

All motor vehicles must be equipped with a "Forest Service Approved" spark arrester.

Smoke only in cleared areas. Do not smoke while traveling except in enclosed vehicles equipped with ashtrays.

Make sure campfires are dead out before you leave.

FIRE SAFETY

Dry grass will ignite at about 400 F. The temperature of an exhaust pipe at the first bend after the manifold is about 1000 F. These temperatures make the off-road vehicle a fire hazard. The following thoughts should be kept in mind:

1. By stopping in tall grass or brush, natural fuels could come in contact with a hot exhaust system and ignite.
2. Spinning wheels result in friction and sparks which can cause fire.
3. Locked or excessively used brakes can heat to ignition temperature.
4. Clean grass and other debris from skid pans or other under-vehicle grass catchers.
5. Don't overfill fuel tanks. Gas expands when warmed. Park on the level, or with filler cap uphill.

SAFETY TIPS

1. Let someone know where you are going; when you plan to leave and to return; and check back in.
2. Take a good map. Know how to use a compass and believe it.
3. Check weather forecasts (all year) and avalanche conditions (in winter).
4. Carry tools, extra gear, extra food, and a first aid kit in case of emergencies.
5. Know your vehicle and its limitations.
6. Traveling in pairs is recommended for safety in back country areas.
7. If you are lost, injured or your equipment has failed – keep calm and stay together. Build a fire and shelter. Mark your camp so it is visible from the air. Three of anything – three smokes, three shouts – is the international distress signal and will attract attention.
8. Most hypothermia cases develop in air temperatures between 30 and 50 degrees. Stay dry and protect yourself from the wind.

BOISE NATIONAL FOREST
PUBLIC NOTICE
NATIONAL FOREST TRAVEL MAP

WELCOME to the Boise National Forest and its many opportunities for your use and enjoyment.

Because all uses of the National Forest involve travel in one form or another, it has become necessary to establish restrictions for use of some areas, roads, and trails as shown on this Travel Map. These restrictions were established to protect Forest resources, safeguard users, and minimize conflict between users. With these exceptions, the majority of the Forest remains open to vehicular travel and other public uses.

The rules and restrictions listed hereon are established under Federal law, thus violators are subject to fines, imprisonment, or both, upon conviction. We have found, however, that user education and public cooperation are far more effective in helping safeguard Forest resources.

Please take a moment to familiarize yourself with the Travel Map and the points of interest you may wish to visit. With little effort, you can do a great deal in helping us better manage your public lands and Forest resources. We invite you to visit a District office and discuss the Travel Map or any other aspect of National Forest management that interests you.

Thank you for your help and cooperation.

Dave Rittersbacher
Forest Supervisor
Boise National Forest

GOOD MANNERS

The National Forests are large, but sometimes those traveling by self-propelled means and those traveling by machines share the same routes and areas. Please use common sense and courtesy when encountering others. Here are some suggestions:

Year-round

1. Pack out what you take in.
2. Respect the property and privacy of others.
3. Avoid leaving human waste near any water course.
4. Get permission to travel across private land.

Summer Months

1. Camp well away from lake shores, streams and trails.
2. Do not cut green limbs, branches or boughs. Protect the live vegetation.
3. Stay on the designated route. Cutting switchbacks causes serious erosion problems that may destroy the route. Repairs cost tax dollars.
4. Meadows are particularly susceptible to rutting and compaction damage resulting from indiscriminate vehicle use. Stay on designated routes.

Winter Months

1. Skiers and snowshoers should yield the track to oncoming or overtaking snowmobiles.
2. Snowmobiles should operate at slow speed near skiers or snowshoers.
3. If you encounter animals, stop and allow them to move off the trail. The energy needed to survive in cold and snow can make unnecessary disturbance harmful or fatal to wildlife.
4. Vegetation can be damaged if you ride over small trees and bushes.
5. When traveling through developed areas avoid hitting tables, stoves, or other improvements covered with snow.
6. Use gates when traveling through fenced lands.
